

Supplemental Assistance for Brownfields Assessment Demonstration Pilots

The Environmental Protection Agency (EPA) began accepting proposals for supplemental assistance for the National Brownfields Assessment Pilots on October 5, 2001. Assessment pilots awarded on or before September 30, 2000, may apply for up to \$150,000 for continuance and expansion of their brownfields assessment efforts. This supplemental funding will be awarded on a competitive basis. Recipients of supplemental assessment pilot funding in FY2001 are not eligible to apply (See Catalogue of Federal Domestic Assistance Number: 66.811). In fiscal year 2002, an additional \$50,000 may be awarded to an applicant to assess the contamination of a brownfields site(s) that is or will be used for greenspace purposes. Greenspace purposes may include, but are not limited to, parks, playgrounds, trails, gardens, habitat restoration, open space, and/or greenspace preservation. EPA expects to select up to 38 National brownfields assessment pilots to receive supplemental assistance by April 2002.

The deadline for proposals for the 2002 supplemental assistance is November 26, 2001. All proposals must be postmarked by USPS or delivered at U.S. EPA Headquarters by other means, no later than November 26, 2001, and a duplicate copy sent to the appropriate U.S. EPA Regional Office.
